

Together, we can all contribute significantly to the slow-down of the spread of this virus

At Image Technique Photography, our highest priority is the safety and wellbeing of our customers and team. In this ever-changing environment, we continue to strive to stay abreast of all COVID-19 updates and are constantly reviewing our protocols.

STUDIO RESTRICTIONS

Have you or your child been in contact with anyone who may have symptoms, or visited a venue, school, shopping centre or other place where known Covid-19 cases have been reported within the last two weeks, if so carefully reconsider proceeding with your booking.

Do not proceed with your booking if you or your child have even the mildest symptoms associated with a cold, Flu or Covid-19.

Call to cancel and discuss rescheduling your appointment if you or your child feels unwell even if at short notice.

OUR SAFETY PROTOCOL

All surfaces in the studio area are cleaned prior to each photo session.

Our studio follows the personal hygiene habits as recommended by the NSW Government Guidelines.

We have increased our cleaning regimes and have hand sanitizer available on arrival as well as a wash area with soap.

For all customers visiting the studio, thank you for continuing to respect and abide by all infection controls, and for taking instruction relating to our studio protocols and procedures.

I would appreciate you letting me know if you develop cold like or flu symptoms within two weeks of visiting the studio for your photo session.

Thank you for your cooperation
